

LONG SHADOWS

Overview

Long Shadows Vintners is a renowned Walla Walla winery celebrated for its unique collaborations with acclaimed winemakers from around the world who came to Washington State to explore the Columbia Valley's finest vineyards. Since our founding by Allen Shoup in 2002, Gilles Nicault has served as the director of winemaking and viticulture, working closely with each winemaker to bring their shared vision for each wine to life. Today, Gilles makes every Long Shadows wine to showcase the quality and distinct style of the iconic vintners who inspired them.
